balanced lunches delivered to schools packed with goodness

dear mums and dads,

We are busy mums of young children and, like all parents, we know how important it is that our children eat healthily – and that means at school as well as at home.

This got us thinking: why not offer a healthy fresh lunch-box service just for kids? So we set up the Kids Packed Lunch Company.

We know that making packed lunches each day can be a real chore and understand that getting children to try new things and to eat healthily isn't always easy.

So, why not let us do it for you?

It's simple. We'll provide a fantastic variety of nutritionally-balanced meals that will keep you and your children happy. Our packed lunches are freshly prepared every morning and delivered directly to your child's school. For maximum freshness they are stored in cool bags until they are needed.

Everyone wins. Your kids love their lunches. You don't have to worry about buying and preparing their food. And it doesn't cost the earth.

So why not try us out? It's the taste of things to come!

Jay & Trax
